EASY WAY TO CURE CATARRH.

Breathe Hyomei And Kill All Catarrhal Germs. "Money Back If It Fails," Says G. L. Penny.

There is no dangerous stomach drugging when using Hyomei. The healing and aromatic balsams which compose this wonderful treatment are breathed through a neat pocket inhaler that comes with every \$1 outfit.

It is this way the germ-killing and health giving Hyomei penetrates to the most remote cells of the lungs. It searches out and kills disease germs in the air passages of the head, throat and nose, soothes and heals the irritated mucous membrane and absolutely drives catarrh from the system.

Such remarkable results have followed the use of Hyomei by the best people of Stanford that Mr. Penny has the greatest confidence in its power to cure catarrh. He believes in it so thoroughly that he will give his personal guarantee to refund the money if it does not cure, the purchaser to be the sole judge.

This is an unusual offer and the first time that any medicine or treatment for the cure of catarrh has been sold in this way. If it cures, the expense is trifling, while if it fails, the cost is absolutely nothing.

If you are fortunate enough not be troubled with catarrh, tell your friends of Mr. Penny's offer and get them to take advantage of it.

ALL the political signs of the times indicate that of the distinguished gentlemen whose names have been prominently mentioned in regard to democratic presidential nomination, the most favored seems to be the great New York jurist, Judge Parker. Within the past few days a poll of the democratic members of Congress was taken with a view to feeling the pulse of these representatives of the people in regard to the questions at issue and a large majority declared for the New Yorker. In the old times the presidential nomination was left to a caucus of the party representatives in Congress and if such a system was in vogue to-day it is certain that Parker would get the nomination, and while such a caucus has not now the power to make a nomination it must be admitted that they very largely reflect the sentiments of the several States they represent.

THE Massachusetts report of labor statistics for 1903 shows that there are 31,197 Negroes in that State. The report in dealing with the status of the Negro population brings out the curious fact that Massachusetts enacted the first statute establishing slavery in America, in 1641. This was 20 years before slavery was legally established in Virginia, though slaves had been brought to that State in 1619. The thrifty Yankees then sold out to the Virginians.

THE Supreme Court has decided for the tenth time that those who ride on passes cannot receive damages for injuries received while traveling on them, but the decision will not deter a single human being from striving his best to get the coveted piece of pasteboard.

As the result of a friendly scuffle at Danville, a quarrel ensued between Ernest Bonner and "Doggie" Norman, of Frankfort, which ended in the shooting and wounding of Norman. The only thing which saved the life of Norman was the fact that his overcoat was very thick and prevented the bullet, which was fired at close range, from penetrating the skin.

## CHURCH MATTERS.

Rev. Henry McDonald, a prominent Baptist preacher, is dead in Atlanta.

William Sunday, the baseball evangelist, is about to close a revival at Sterling, Ill., that has resulted in 1,052 conversions.

Sunday is our day for foreign mission collection and you are doubtless aware that the Southern Baptists are asked to raise \$300,000 this year. The Lord has been abundantly blessing us in our fields, Japan, China, Africa and a number of places in South America, the latest point being Buenos Ayres. Have had over 2,000 baptisms already this year in our foreign fields. Now our motto is "The World for Christ" and each help take it for him. We are trying to put a foreign mission envelop in every one's hand to be handed in Sunday. Now please be prompt and don't make it necessary for the committee to have to come and see you again, for it is our desire as far as we are able to get a contribution from every member. Each must accept Christ for himself or herself; each must have the Spirit of Christ (or you are not of Him) which is to "save that which was lost." "If ye love me ye will keep my commandments." "Go into all the world and preach my Gospel to every creature." If you can't go, then you can help send another. Oh, what a privilege. Let us use it. Everybody is invited and no public collection taken. Sunday night's subject will be "A Free Salvation." Are you saved, if not we invite you especially to be present.

O. M. HUEY.

Former Gov. Robert L. Taylor, of Tennessee, is the defendant in a suit for divorce, his wife alleging that he turned her out of doors without just excuse and abandoned her last October.

The agitation against divorce and the marriage of divorced persons has resulted in a meeting in New York City of eminent Protestant ministers and laymen, who will attempt to solve the problem of uniform legislation on the subject by the States of the Union.

**BLACK -  
DRAUGHT  
STOCK and  
POULTRY  
MEDICINE**

Stock and poultry have few  
troubles which are not bowel and  
liver irregularities. Black-Draught Stock and Poultry Medicine  
is a bowel and liver remedy  
for stock. It puts the organs of  
digestion in a perfect condition.  
Prominent American breeders and  
farmers keep their herds and flocks  
healthy by giving them an occa-  
sional dose of Black-Draught Stock  
and Poultry Medicine in their  
food. Any stock raiser may buy a  
25-cent half-pound air-tight can  
of this medicine from his dealer  
and keep his stock in vigorous  
health for weeks. Dealers gener-  
ally keep Black-Draught Stock and  
Poultry Medicine. If yours does  
not, send 25 cents for a sample  
can to the manufacturers, The  
Chattanooga Medicine Co., Chat-

breeder of high class Eastern horses,  
and many of his get have sold for big  
sums. Quasi, his French Coach Stal-  
lion, is a magnificent individual, and 30  
of his colts on Mr. Reid's farm prove  
that he is a fine breeder. His jack,  
Tom Keene, Jr., is well bred, and is a  
fine individual.

GOOD SPIRITS—Good spirits don't all  
come from Kentucky. Their main source  
is the liver—and all the fine spirits ever  
made in the Blue Grass State could not  
remedy a bad liver or the hundred-and-  
one ill effects it produces. You can't have  
good spirits and a bad liver at the same  
time. Your liver must be in fine condition  
if you would feel buoyant, happy  
and hopeful, bright of eye, light of step,  
vigorous and successful in your pursuits.  
You can put your liver in fine condition  
by using Green's August Flower—the  
greatest of all medicines for the liver and  
stomach and a certain cure for dyspepsia  
or indigestion. It has been a favorite  
household remedy for over 35 years. Au-  
gust Flower will make your liver healthy  
and active and thus insure you a liberal  
supply of "good spirits." Trial size, 25c;  
regular bottles, 75c. At all druggists.

sums. Quasi, his French Coach Stal-  
lion, is a magnificent individual, and 30  
of his colts on Mr. Reid's farm prove  
that he is a fine breeder. His jack,  
Tom Keene, Jr., is well bred, and is a  
fine individual.

GOOD SPIRITS—Good spirits don't all  
come from Kentucky. Their main source  
is the liver—and all the fine spirits ever  
made in the Blue Grass State could not  
remedy a bad liver or the hundred-and-  
one ill effects it produces. You can't have  
good spirits and a bad liver at the same  
time. Your liver must be in fine condition  
if you would feel buoyant, happy  
and hopeful, bright of eye, light of step,  
vigorous and successful in your pursuits.  
You can put your liver in fine condition  
by using Green's August Flower—the  
greatest of all medicines for the liver and  
stomach and a certain cure for dyspepsia  
or indigestion. It has been a favorite  
household remedy for over 35 years. Au-  
gust Flower will make your liver healthy  
and active and thus insure you a liberal  
supply of "good spirits." Trial size, 25c;  
regular bottles, 75c. At all druggists.
